COMPOSITION: 80% Wool, 20% Nylon

0000017 NZ SOCK SUPERFLEECE

A great working or walking boot sock. Premium worsted wool with all over cushioning! Heel, sole and toe are reinforced with extra nylon, with nylon plating on the outside of the sock. A wide stretch cuff provides comfortable wear and keeps the sock in place. The toe seam is set high to prevent any irritation. Ideal for hard work! Composition: 80% Wool, 20% Nylon Colours: Navy, Donkey(while stock lasts) Sizes: 5-6, 7-8, 9-10, 11-12, 13-14

UNIVERSAL BOOT

High stretch elastic 1-1.5 in top for ease of fit.

Long pile cushioned high heel, sole and toe for foot protection.

High stretch elastic to stretch throughout the sock ensuring comfort and support.

Rib construction in forefoot to reduce bulk that causes foot compression.

Nylon reinforced high heel, sole and toe for durability.

Smooth toe seam.

Colour: 212 Navy

STYLE: 0000018
SIZES: 2-5, 6-10, 11-13
COMPOSITION: 75% Wool, 17% Nylon, 8% Elastane

0000018 NZ SOCK UNIVERSAL BOOT

A technical wool sock with cushioning in the sole, ankle flex-zone and heel, and with high stretch elastic support features throughout the sock to prevent slippage (ESS). Bulk is reduced on the forefoot and there is a high stretch rib top for ease of fit. This technical boot sock has been ergonomically designed to compliment work boots, outdoor leisure footwear and short gumboots. A great sock for all year round! Composition: 75% Wool, 17% Nylon, 8% Elastane Colours: Lichen, Navy, Steel, New Khaki (while stock lasts) Sizes: 2-5, 6-10, 11-13

GUMBOOT

High stretch elastic 1-1.5 in top for ease of fit.

All over loop pile cushioning for comfort and foot protection.

Smooth toe seam.

Ergonomically designed to be worn year round in all knee-length boots, including gumboots. With this in mind, the sock comes all the way up to knee level and has unique elastic support features in the arch, ankle, and cuff ensuring NO slippage (ESS). All over Loop pile cushioning and nylon reinforcement in the heel and toe with a smooth toe seam means you can work/walk in this sock all day in comfort!

Elastic at ankle to prevent heel slippage that causes blisters.

Additional reinforcing and cushioning for long lasting wear and comfort.

Water elastic arch to prevent the sock riding down and prevent foot compression.

Colour: 212 Dark Denim

STYLE: 0000014
SIZES: 2-5, 6-10, 11-13
COMPOSITION: 77% Wool, 18% Nylon, 5% Elastane

0000014 NZ SOCK GUMBOOT

This sock is ergonomically designed to be worn year round in all knee-length boots, including gumboots. With this in mind, the sock comes all the way up to knee level and has unique elastic support features in the arch, ankle, and cuff ensuring NO slippage (ESS). All over Loop pile cushioning and nylon reinforcement in the heel and toe with a smooth toe seam means you can work/walk in this sock all day in comfort! Composition: 77% Wool, 18% Nylon, 5% Elastane. Colours: Dark Denim Sizes: 2-5, 6-10, 11-13

LIGHT HIKER

Ribbed top with elastic for compression fit.

High stretch elastic in heel and toe for foot protection.

Arch Support - Light density cushioning along top of foot and arch and better protection from blisters.

Build Cushion Zone™ Features density cushioning over arch and under ball for extra support and protection from blisters.

Water elastic arch to prevent the sock riding down and prevent foot compression.

Colour: 212 Navy

STYLE: 0000024
SIZES: 2-5, 6-10, 11-13
COMPOSITION: 76% Coolmax, 17% Nylon, 7% Elastane

0000024 NZ SOCK LIGHT HIKER

Coolmax to keep your feet dry, cool and comfortable. A technical 3 season sock (Spring, Summer, Autumn) which has medium density padding in ball, heel and over toe for cushioning and protection from blisters. Light density padding with Spandex around the arch and instep prevents bunching, supports the arch and allows the shoe to snug closer. The ESS system prevents the sock from riding down and provides foot and leg support. Comfortable ribbed top with elastic. Composition: 76% Coolmax, 17% Nylon, 7% Elastane ESS system Colours: Navy/White, Donkey/White Sizes: 2-5, 6-10, 11-13

CROSS COUNTRY

Ribbed top with elastic for compression fit.

High stretch elastic in heel and toe for foot protection.

Arch Support - Light density cushioning along top of foot and arch and better protection from blisters.

Build Cushion Zone™ Features density cushioning over arch and under ball for extra support and protection from blisters.

Water elastic arch to prevent the sock riding down and prevent foot compression.

Colour: 212 Navy

STYLE: 0000023
SIZES: 2-5, 6-10, 11-13
COMPOSITION: 80% Wool, 15% Thermastat, 5% Elastane

0000023 NZ SOCK X-COUNTRY

A longer, technical sock that fuses wool with the high performance wicking action and thermal properties of Thermastat. Combined with the all over cushioning, this keeps feet warm, dry and comfortable in extreme conditions. A ribbed top with elastic gives improved fit, whilst light density padding along the top of the foot and shin protects against abrasion. Medium density padding over toes and under ball gives cushioning and protection from painful blisters. Light density padding with Lycra around the arch and instep prevents bunching and allows shoe to snug closer and supports the arch. High stretch elastic prevents sock from riding down and provides foot and leg support (ESS),
